Der Bürgermeister von Århus präsentiert der Presse das **YOU MAY** am 26. Mai 2009 im Public Space von Århus, Dänemark

YOU MAY takes the public space

YOU MAY ist ein neuartiges Möbel für den öffentlichen urbanen Raum. **YOU MAY** kann vieles: Es ist gleichzeitig Bar und Bank, Konferenztisch und stille Ecke, es funktioniert auch als Lounge, Bühne oder Arbeitsplatz. Dabei arbeitet **YOU MAY** mit innovativen Materialien, unterschiedlichen Sitzhöhen, spielt mit Nischen und Kanten. Es schafft somit Kommunikation und Privatsphäre am selben Ort für bis zu 15 Personen. Das Möbelstück an sich wird somit zu einem lebendigen Treffpunkt, lädt ein zum Arbeiten, Besprechen, Essen und Entspannen. **YOU MAY** ermöglicht dem modernen, mobilen Menschen weit mehr als das passive Relaxen und unterscheidet sich dadurch erheblich von allen derzeitigen Standardmöblierungen für Parks und Plätze. Das Designerduo **Karl Emilio Pircher & Fidel Peugeot** gibt mit dieser Erfindung Bürgermeistern, Städteplanern und Einwohnern ein vielseitiges Instrument, um den öffentlichen Bereich aufzuwerten und mit einer neuen Lebendigkeit zu füllen. **YOU MAY** ist eine Kooperation von **Walking-Chair Design Studio** mit der dänischen Plattform **LYNfabrikken**, es wurde in Erstauflage im Mai 2009 für die **Aarhus Festuge (Århus Festwoche)** in Dänemark umgesetzt und wird ab Juni 2009 auf dem **Vienna Knowledge Space** am Wiener Karlsplatz eingesetzt. Weitere Ausstellungen sind geplant.

The major of Århus presents the **YOU MAY** on 26 Mai 2009 in the public space of Århus, Denmark

YOU MAY takes the public space

YOU MAY is a new furniture for the urban public space. **YOU MAY** does many things: it is a bar and a bench, conference table and quiet corner at the same time, it functions as a lounge as well as a stage or workspace. **YOU MAY** works with innovative materials, different seat heights, it plays with niches and corners. It provides communication and privacy for up to 15 persons in the same spot. The furniture itself becomes a vivid meeting point, it invites to work, discuss, eat and relax. **YOU MAY** enables the modern, mobile person to much more than just passive relaxing and therefore significantly differs from all current standard furnitures for parks and public spaces. The Vienna based design duo **Karl Emilio Pircher & Fidel Peugeot** provides mayors, urban planners and residents with a versatile instrument for enhancing the quality of the public space and filling it with a new lively spirit. **YOU MAY** is a cooperation between **Walking-Chair Design Studio** and the danish platform **LYNfabrikken**. The first edition was finished during May 2009 for the **Aarhus Festuge (Århus Festival Week)** in Denmark and will also be used for the **Vienna Knowledge Space** at Karlsplatz, Vienna from June 2009 on. Further exhibitions and shows are already being planned.
